

THE UNIVERSITY OF HONG KONG

ADMISSIONS TO SENIOR YEAR PLACES / NON-JUPAS ADMISSIONS SCHEME (“IAS/NJ”) FOR UNDERGRADUATE ADMISSION IN SEPTEMBER 2022

GENERAL INFORMATION

The procedures and information in this document apply to applicants with international/overseas qualification(s) or academic qualification(s) other than the Mainland National Joint College Entrance Examination / Hong Kong/Macau/Taiwan National Joint College Entrance Examination (NJCEE); and non-local applicants with the Hong Kong Diploma of Secondary Education (HKDSE). Local applicants applying to the University on the strength of HKDSE should submit their application through the [JUPAS Office](#). Applicants applying on the strength of NJCEE result should submit their application through the [HKU Admissions Office \(Mainland Admissions\)](#) respectively, instead of applying through the Admissions to Senior Year Places / Non-JUPAS Admissions Scheme.

Applicants who hold student visa / entry permit to study in Hong Kong, dependent visa / entry permit and were aged 18 years old or above when you were first issued with such documents by the Immigration Department of the HKSAR, or visa under the Immigration Arrangements for Non-local Graduates (IANG), issued by the Director of Immigration of the Hong Kong Immigration Department of the HKSAR; are regarded as non-local / international applicants.

Each applicant can only submit **ONE** application for admission in any one academic year, through any one of the admissions schemes, namely JUPAS, IAS/NJ#, Admissions to Senior Year Places, and Admission of Undergraduate Students from the Mainland. Duplicate applications received by the University through the same or different admissions scheme(s) and/or system(s) will not be considered, and all application fees paid are non-refundable.

(#IAS/NJ applicants may either submit the application through the [HKU Admissions Office \(International Undergraduate Admissions\)](#) or the [Common Application](#) system.)

Applicants who are currently enrolled in a full-time bachelor's degree programme funded by the University Grants Committee (UGC) in a *local* tertiary institution in Hong Kong should also apply through IAS/NJ. Please note however that following UGC's guidelines, inter-institutional transfer is generally discouraged. The University is only able to consider applicants with excellent results and their admission is subject to special approval by the University on the basis of over-enrolment. Current undergraduate students of the University who wish to apply for a transfer to another curriculum should write to the Registrar (c/o the Academic Services Office), instead of applying through IAS/NJ.

Some undergraduate programmes of the University have set aside a fixed number of senior year student places for admission of sub-degree (i.e. Associate Degree or Higher Diploma) graduates. Applicants for those places should apply through the Admissions to Senior Year Places by choosing programmes with senior-year places. Please click [here](#) for details.

Incorrect or misrepresented information given in the application will disqualify the application and any offer(s) made by the University will be withdrawn. Applicants should keep their application information updated by editing the application form should there be any changes after submission.

Closing Date

The University will carry out evaluation on applications received by **November 17, 2021 (12:00 noon Hong Kong Time)**. Admission offers will be made starting from December 2021 onwards. Students who receive an offer of admission are normally required to accept the offer within three to four weeks.

Applicants may still submit an application until **August 24, 2022 (12:00 noon Hong Kong Time)** through the application system. The University will continue to evaluate all applications by the same standards and expectation on rolling basis. As undergraduate places are being filled all the time after evaluation has started, you may wish to apply for admission as early as possible.

Please note that an acknowledgment e-mail will be sent to you immediately after successful submission of the online application. If you do not receive the acknowledgment e-mail, you may check with the Admissions and Academic Liaison Section of the Registry through live chat after you have logged in to your application account.

Application Fee

All applicants are required to pay an application fee in an amount of HKD\$450 and the fee is non-refundable.

Choice of Curriculum

You should only submit **ONE** application for admission in any one academic year, but you are permitted to indicate up to five choices of curriculum in your application. Before proceeding with your application, please check the University entrance requirements and the programme specific requirements [here](#) to make sure that you are eligible for admission to the curriculum you wish to apply for.

Changes to the choice(s) of curriculum will not be allowed after submission of the application. Please be sure that the degree curriculum you wish to apply for has/have been correctly chosen in your application.

Interviews and Results

You may be called for an interview or test at any time after submission of the application (a tentative interview schedule is made available at [here](#) for reference). Please however note that not all applicants are required to attend an interview or test and not all programmes conduct these assessments; being invited to an interview or test is not an indicator of the chance of admission. You will be notified by the Faculty / Programme Office of the arrangements for any interview or test individually, if applicable.

You will be informed by e-mail if you are offered admission to the University and you are required to pay a deposit (currently HK\$5,000 for locals and HK\$20,000 for non-locals, but subject to change) on your acceptance of the offer by the date specified in the offer letter or the offer will be withdrawn automatically. You can also view your application status using your registered application account. Candidates should consider their application as unsuccessful if they do not hear from the University by early September 2022. Please note that all documents will not be returned once submitted, and will be destroyed if the application is unsuccessful. The University reserves the right to withdraw the offer of admission if the provisionally admitted candidate fails to submit required final results for offer confirmation, and the deposit fee and other fees paid will not be refunded.

Composition Fees

The composition fees for local and non-local students are different. According to the definition laid down by the University Grants Committee, non-local students are persons entering Hong Kong for the purpose of education with a student visa / entry permit issued by the Director of Immigration. The tentative annual composition fee for local students admitted in the academic year 2022-2023 is HK\$42,100. The annual composition fee for non-local students admitted in 2022-2023 is HK\$171,000.

Entrance Scholarship

All applicants will be considered for entrance scholarships. Separate application is not required. The scholarship result will be announced along with the offer of admission, if applicable. Selection for entrance scholarships is based on academic merits with consideration of non-academic achievements.

HKU entrance scholarships are supported by generous donors, external organizations and governmental bodies in Hong Kong as well as overseas. The entrance scholarship for top-ranking students may go up to a value equivalent to a full tuition fee waiver plus an accommodation scholarship and a living allowance per year.

Apart from entrance scholarship, the University also awards hundreds of merit-based scholarships that students can apply for upon the commencement of study (<http://www.scholarships.hku.hk>).
