My mentor offered invaluable career advice, highlighting key considerations for entering specific fields and preparing for interviews. Her experiences and mindset during job searches resonated with me as I navigated something similar. She emphasised the importance of open-mindedness and eagerness to learn in the workplace. I kept her words at heart during my internship. I also enjoyed catching up with her to share my new job experiences.

*Business Consulting Practicum 2024*

The opportunity for real-time interaction and feedback with the client had propelled me to join BCP. I was always curious about how a consultant would address and communicate with the client. BCP has taught me about proper business etiquette and equipped me with the necessary skills to negotiate conflicting opinions during team discussions. Throughout the process, our mentor and professors provided great help and insights. Their invaluable feedback and questions helped nudge us in the right direction, taking a step back to look at the big picture and most importantly, prioritise the client's needs.

## Freshmen Sharing

**Kantbek, Yerassyl**  
BBA

I chose HKU Business School because Hong Kong is one of the world's most competitive financial centres, offering a dynamic environment to grow. HKU combines rigorous academics with real-world experiences, such as Asia-focused case studies and competitions like HICS, which I plan to join in Year 2. I am particularly drawn to programs in marketing and finance, as well as opportunities for entrepreneurship through the Techno-Entrepreneurship Core and iDendron incubator. With a diverse student body and global exchange options, I look forward to learning from peers, connecting with mentors, and developing skills to make a meaningful impact in business.

The main reason I chose HKU, particularly HKU Business School, lies in its global connections and strong partnerships with other institutions and respected organizations, which I believe will be advantageous for future employment opportunities. I expect to embrace challenges over the course of my four years at the university, as these will be vital for my intellectual and social maturity. The first time I visited the campus, I was amazed by the diversity of the students and the open facilities, which demonstrated that the university is truly a place for everyone. One of the many great opportunities offered here is the chance to travel for studies, which I would rank among my highest interests.

**Pernice, Audrey Yiwen**  
BEcon&Fin

The main reason I chose BBA(IBGM) is its flexibility in allowing students to choose a second major, as well as the numerous overseas exchange opportunities. I am also fortunate to have been admitted as a member of the HKU International Case Society (HICS), where I get to know people from other programs who are also interested in the realm of business. HKU Business School provides me with the perfect platform to strike a balance between my work and life.

**Ho, Lik Hang Gordon**  
BBA(IBGM)

**Lo, Hoi Tung Reacker**  
BSc(MAT)

I chose HKU Business School for its professional background and diverse opportunities. The multidisciplinary programme allows me to pursue Marketing Analytics and Technology, aligning with my varied interests in business and STEM. With the strong support from HKU, I am committed to developing my entrepreneurial skills and pursuing my dreams without regrets!

Drawn by HKU's global prestige and the excellence of HKU Business School, I chose to pursue Quantitative Finance at HKU to deepen my passion for quantitative trading and data-driven decision-making. The school's flexible curriculum empowers me to explore complementary fields such as computer science, statistics, and risk management. As a target school for top investment banks, HKU also offers unparalleled career exposure. HKU provides the ideal environment to grow academically and professionally, and I am excited to explore the many opportunities ahead.

**Tsang, Chun Shing Patrick**  
BSc(QFin)

**Fung, Yat Hang Rex**  
BFin(AMPB)

My aspiration for BFin(AMPB) was ignited early in high school by its unparalleled, practitioner-focused design, a curriculum that truly bridges finance theory with industry practice. This conviction was solidified through the heartfelt guidance of our Programme Director, Professor Anna Wong, who mentored me even before I officially joined HKU, while I was an apprentice at a US bank.

Now, experiencing BFin(AMPB) firsthand, the transition from the professional world to the classroom feels seamless. It is this powerful integration of theory and real-world practice that makes AMPB incomparable. HKUBS has instantly instilled in me a sense of ownership, this is not just a school, but a launchpad for impact, and I am thrilled to begin the next chapter of my growth here.

I was drawn to BBA(IBGM) because of HKU's world-renowned academic reputation and its vibrant, international community. I believe a truly "global business" education extends beyond the classroom, through experiential learning opportunities, daily interactions with local and non-local peers, and participation in hall and student society cultures, I will gain a more dynamic and holistic multidisciplinary perspective on the business world. Over the coming four years, I am eager to harness these opportunities to become a well-rounded leader and effective problem-solver for my future career on the global business stage.
