Business School Track Selection (Full-time MBA)

Students may state their preference to study the London track at London Business School, New York track at Columbia Business School, or the Hong Kong/China track when they apply as well as when they are interviewed.

Admission Process

Your online application will be reviewed by HKU MBA Admissions Committee along with all the required documents submitted. As it often takes considerable time to gather references and transcripts, we strongly encourage you to apply as early as possible.

Kindly note that limited seats are available every year and candidates are admitted on a continuous and rolling basis. As a result, spaces are filled throughout the admissions period and there is a possibility that the class may be full before the final deadline.

Not all applicants will be interviewed. Once suitable candidates have been shortlisted, they will be informed of specific interview arrangement. In general, the admission results will be available in 2 to 4 weeks after the interview; admission offers will be issued to the selected candidates upon receipt of all required supporting documents.

HKU MBA gives much importance to the interview process rather than essay, as we believe the best way to judge an applicant is by having close interaction to understand the motivation and personality of our prospective students. Additional interviews may be required in some cases.
